*Preventing Homelessness with
Affordable Housing*

Improving lives.

2013 ANNUAL REPORT

One room at a time.

“By running our properties on a not-for-profit basis, renting at below-market rents, providing on-site case managers and partnering with other service agencies, we make it possible for our residents to have a permanent home and find stability and dignity in their lives.” — FOUNDER P. LEO CORCORAN

Founder P. Leo Corcoran and a core group of supporters started with one triple-decker in Dorchester in 1985 with a vision to “acquire and develop housing and provide other social services to benefit low-income members of society.” With a focus on preventing homelessness and stabilizing neighborhoods in Greater Boston, Caritas now owns and manages 29 properties that provide housing to 895 people. We will continue to develop affordable housing properties as long as there are people who cannot afford a place to live: individuals who do not make a living wage — the working poor, elderly, disabled and veterans. *Because no one should be homeless.*

Highlights of Our Work

In 2013, Caritas made significant strides in serving the neediest citizens of Greater Boston:

- Provided housing to 895 individuals who are not able to make a living wage
- Opened six emergency beds for homeless veterans
- Launched a rental assistance relief fund, the Homelessness Prevention Program
- Provided social services to over 350 residents
- Established a partnership with Project Place
- Launched the Caritas Young Leaders Program
- Continued securing funding for Patriot Homes construction and Cortes Street renovations

Construction Starting in 2014

Patriot Homes, 24 units of housing for veterans and families in South Boston, the first of such housing in Greater Boston.

Cortes Street renovations, 40 units of housing for formerly homeless and domestic violence victims in Boston's Bay Village.

Completed Developments

186 Marlborough Street, Boston, is a classic Back Bay brownstone. It was originally a family home, and then a lodging house for decades. Caritas bought and totally renovated the building, including all new systems and finishes, to create a quality home for 14 low-income residents. This is the only building in the Back Bay committed to remaining an affordable housing resource in an otherwise gentrified neighborhood.

Why Your Support Matters

Because every person deserves a safe, clean place to call home.

Caritas provides safe, well-maintained, affordable housing to individuals who have risen out of homelessness or are at greatest risk of homelessness. Our staff provides on-site case management and partners with other service providers to deliver the support our residents need to work toward a healthy, stable life. The Caritas model creates sustainable properties that lessen the need for homeless shelters while revitalizing buildings and neighborhoods. We are committed to providing each resident a permanent home and stability and dignity in their lives.
